

REMARKS

Attached hereto is a marked-up version of the changes made to the application by this amendment.

This preliminary amendment is submitted to correct some obvious typographical errors that appeared in the original specification, and to present a new method claim (new Claim 9) that presents the subject matter of Claim 8 (now canceled), but in proper Markush format, and with a correct multiple dependency.

No new matter has been added.

Respectfully submitted,

Date: March 1, 2001
